To order Lunch, you must also order Lunch Bunch at the same time. If you did not purchase a food item when you originally signed up for Lunch Bunch, you may go back in and add items to your existing order by selecting items under "Existing Order Add-On Only". This is also how you could purchase a second taco or second slice of pizza. Just remember the deadline dates/times!

If you have pre-reserved your child's placement for the school year in Above & Beyond, you would only want to purchase the food items individually, under "Existing Order Add-On Only". Your tuition already includes this hour of attendance.

Please refer to the Lunch Calendar in ParentsWeb for ordering dates, as options may change.
